

Connecting your iPad or iPhone to Jayhawk2 Wireless

1. Find and open your Settings Icon

2. Select Wi-Fi

3. Make sure Wi-Fi is On and select the "Jayhawk2" network

4. Enter your Wichita network credentials in the password prompt and select Join.

5. You may see this certificate prompt, select accept.

6. You should be back at the main Wi-Fi page and the checkmark shows that this is the network you are connected to.
